

## Field Sales Engineering Summer Intern

### Position Information

#### Employer:

Cisco Systems

#### Division:

N/A

#### Title:

Field Sales Engineering Summer Intern

#### Description:

The internet transformed our world. We are building the next revolution. Cisco is creating a cloud powered, mobile, and virtualized future where everything is connected. We build Internet of Everything solutions for sensors and networked devices. We build smart & connected cities. We partner with leading sports, media, and entertainment firms to deliver the most spectacular events on the planet to all devices.

Would you like to spend a summer at this Fortune 100 Company, gain internship experience amongst a team of senior leaders, mentors, and field teams in an extremely dynamic, fast-paced environment and receive an attractive salary?

The Worldwide Sales internship program is specifically designed for college juniors and offers the opportunity to learn, gain experience and grow within Cisco. The purpose of this program is to expose students to Cisco's technology and customers while providing hands-on training and group project experience.

Upon completion of the internship, opportunities exist to become Cisco's next generation of sales leaders through an accelerated early in career development path. Join us and explore how Cisco changes the way the world works, lives, plays, and learns.

The Internet of Everything is a phenomenon driving new opportunities for Cisco and it's transforming our customers' businesses worldwide. We are pioneers and have been since the early days of connectivity. Today, we are building teams that are expanding our technology solutions in the mobile, cloud, security, IT, and big data spaces, including software and consulting services. As Cisco delivers the network that powers the Internet, we are connecting the unconnected. Imagine creating unprecedented disruption. Your revolutionary ideas will impact everything from retail, healthcare, education, and entertainment, to the public sector, and far beyond. Collaborate with like-minded innovators in a fun and flexible culture that has earned Cisco global recognition as a Great Place To Work. With roughly 10 billion connected things in the world now and over 50 billion estimated in the future, your career has exponential possibilities at Cisco!

This opportunity is courtesy of 1998 Trinity Alum, Brad Mannal. Please direct your cover letter to him.
