APPLICATION FOR READMISSION TO TRINITY COLLEGE
FOR STUDENTS PLACED ON REQUIRED WITHDRAWAL

INSTRUCTIONS:

A student who has been required to withdraw from the College must initiate a request for readmission to the Academic Affairs Committee. Readmission petitions are due no later than March 1 for readmission for the fall semester, and by October 1 for the spring semester. Submit this Application for Readmission and all supporting materials directly to the Registrar’s Office; your petition will then be prepared for the Academic Affairs Committee for review.

As part of the readmission process, students should contact the Student Accounts Office, the Office of Residential Life, and the Financial Aid Office (if applicable) for forms and information well in advance of the application deadline. An application for financial aid or housing will be considered tentative until the Registrar has notified those offices that a favorable readmission decision has been reached by the Academic Affairs Committee. A readmitted student will not be permitted to enroll in the College until all financial responsibilities have been cleared with the Student Financial Services Office.

In addition to this Application (page 2 of this document), the supporting materials listed below are required as part of your readmission packet. Only complete application packets will be reviewed by the Academic Affairs Committee.

1. A personal letter explaining the circumstances surrounding your required withdrawal. Your letter should address, in detail, a) a thorough understanding of the reasons for your required withdrawal, b) describe the steps you have taken to address the issues at hand, and c) provide evidence of your preparedness to return to Trinity College.

2. A proposed class schedule (with alternate courses) for your first semester following readmission, and semester by semester plan of study for how you will complete your degree requirements. Your plan should incorporate those courses which you know will be approved and required by your major department (or intended major department) at Trinity. Students need to contact their academic advisor or the department chair of their major program to discuss their proposed courses and their academic program. Since regaining good standing is critical, students returning from required withdrawal should not enroll in more than 4.0 credits in the first semester back, and not take more than two courses in any given department. If you plan to repeat a course for which you have already earned credit, you will not earn credit for the second attempt. Therefore, plan your schedule accordingly so that you can earn four credits this first semester back. If you are a junior or senior and have not yet declared a major, you must be prepared to do so as a condition of your return.

3. A completed Notification of Intention to Return form signed by both you and your parent/guardian. (The Office of the Registrar will obtain signatures from Trinity’s administrators). This form is available on the Registrar’s Office forms page.

4. If you enrolled at another accredited college during your period of Required Withdrawal, and if you wish this work credited at Trinity, your application for readmission must include a copy of your approved Application for Transfer Credit and a copy of the other college’s transcript. If your work is still in progress, you must submit a letter from each instructor indicating your progress to date. If you have not yet completed an application for transfer credit, you must complete the form, obtain your advisor’s approval (an e-mail will be sufficient if you cannot obtain a signature) and attach copies of course descriptions for all courses. Please be aware that, should the Committee decide to readmit you on the basis of incomplete work, your readmission will be provisional pending evidence of the successful completion of your courses. The Application for Transfer Credit form and detailed instructions are available on the Registrar’s Office forms page.
