Dream Camp is a year-round, tuition-free academic and enrichment program for underserved Hartford youth that offers a unique blend of educational and recreational activities during the summer at Trinity College.

Blue State Coffee in downtown Hartford donates 2% of sales to local non-profit organizations. Every 6 months, they choose 4 local non-profit organizations to support at each of their cafes, based on their customers' suggestions. When a customer makes a purchase, he or she may vote for one of the 4 non-profits they are supporting at that time. They will then allocate 2% of sales according to the number of votes each organization receives during the 6 month donation period.

The more times an organization is suggested at their café, the greater the chance it will be selected. The next group of local non-profits will be selected in June for the July - December donation period.
