

For those students who are planning to major in Economics, please take note of the following requirements for declaring the major:

Students must declare the major no later than the Friday after spring break of their sophomore year (fourth semester at Trinity). This deadline applies to students declaring economics as their first or second major. At, or before, this time students must:

- have satisfactorily completed (i.e., with a grade of B- or better) Economics 101;
- have satisfactorily completed (i.e., with a grade of C- or better) a 200-level elective course other than Economics 218 (or, if already in their fourth semester of study, be currently enrolled in a 200-level elective course); and
- have satisfactorily completed (i.e., with a grade of C+ or better) Econ 301 or Econ 302 (or be currently enrolled in 301 or 302).

Please also note that if a student does not meet the minimum grade requirement for the major in Econ 101, 301 or 302, the student may retake the course only once. If retaking the course, students must earn a B in Economics 101 and a B- in Economics 301 and 302. A student must also earn a C+ in Economics 218 (Introduction to Statistics) or Math 207 to count the course towards the major.
