

**For the betterment of Trinity College and the future of our community,**

*(name)*

---

**is committed to**

*(principle or ideal)*

---

**by**

*(action)*

---

**We promise to hold ourselves accountable.**

**For 200 years,** Trinity College has prepared independent thinkers who drive impact and action, with purpose and pride. During our Bicentennial year, our community will reflect on what we value and the impact of our actions. A commitment requires both the belief in an ideal or principle and actions to move us closer to realizing a vision. We ask you to submit commitments that are:

- Aspirational and timeless
- Sustainable for future generations to continue and to uphold
  - In alignment with Trinity's community values
  - True to who you are
