Barley bread	8	7	17	<p>Interesting taste but good I liked the first bite Delicious Pretty good Absolutely vomit Positively scrumptious Made from love Putrid Worst thing I have ever put in my mouth Would not feed it to my dog Pretty good on its own Well prepared- cooked well Too sour bro Would rather eat cardboard Tastes like gum Bland - couldve had more sweetness Awesome - loved the taste okay Terrible. Debated cutting my tongue off after the first bite Kind of dry, but the interior flavor is gas If stuck on an island and this was the only source of food, I'd rather starve. Horrible execution kid in the sunglasses should never step foot in the kitchen again\</p>
