

# BantamBot

A Chatbot to answer students' questions about Trinity College Admission

Ha Tran '19 | Advisor: Dr. Chris Armen

## Significance

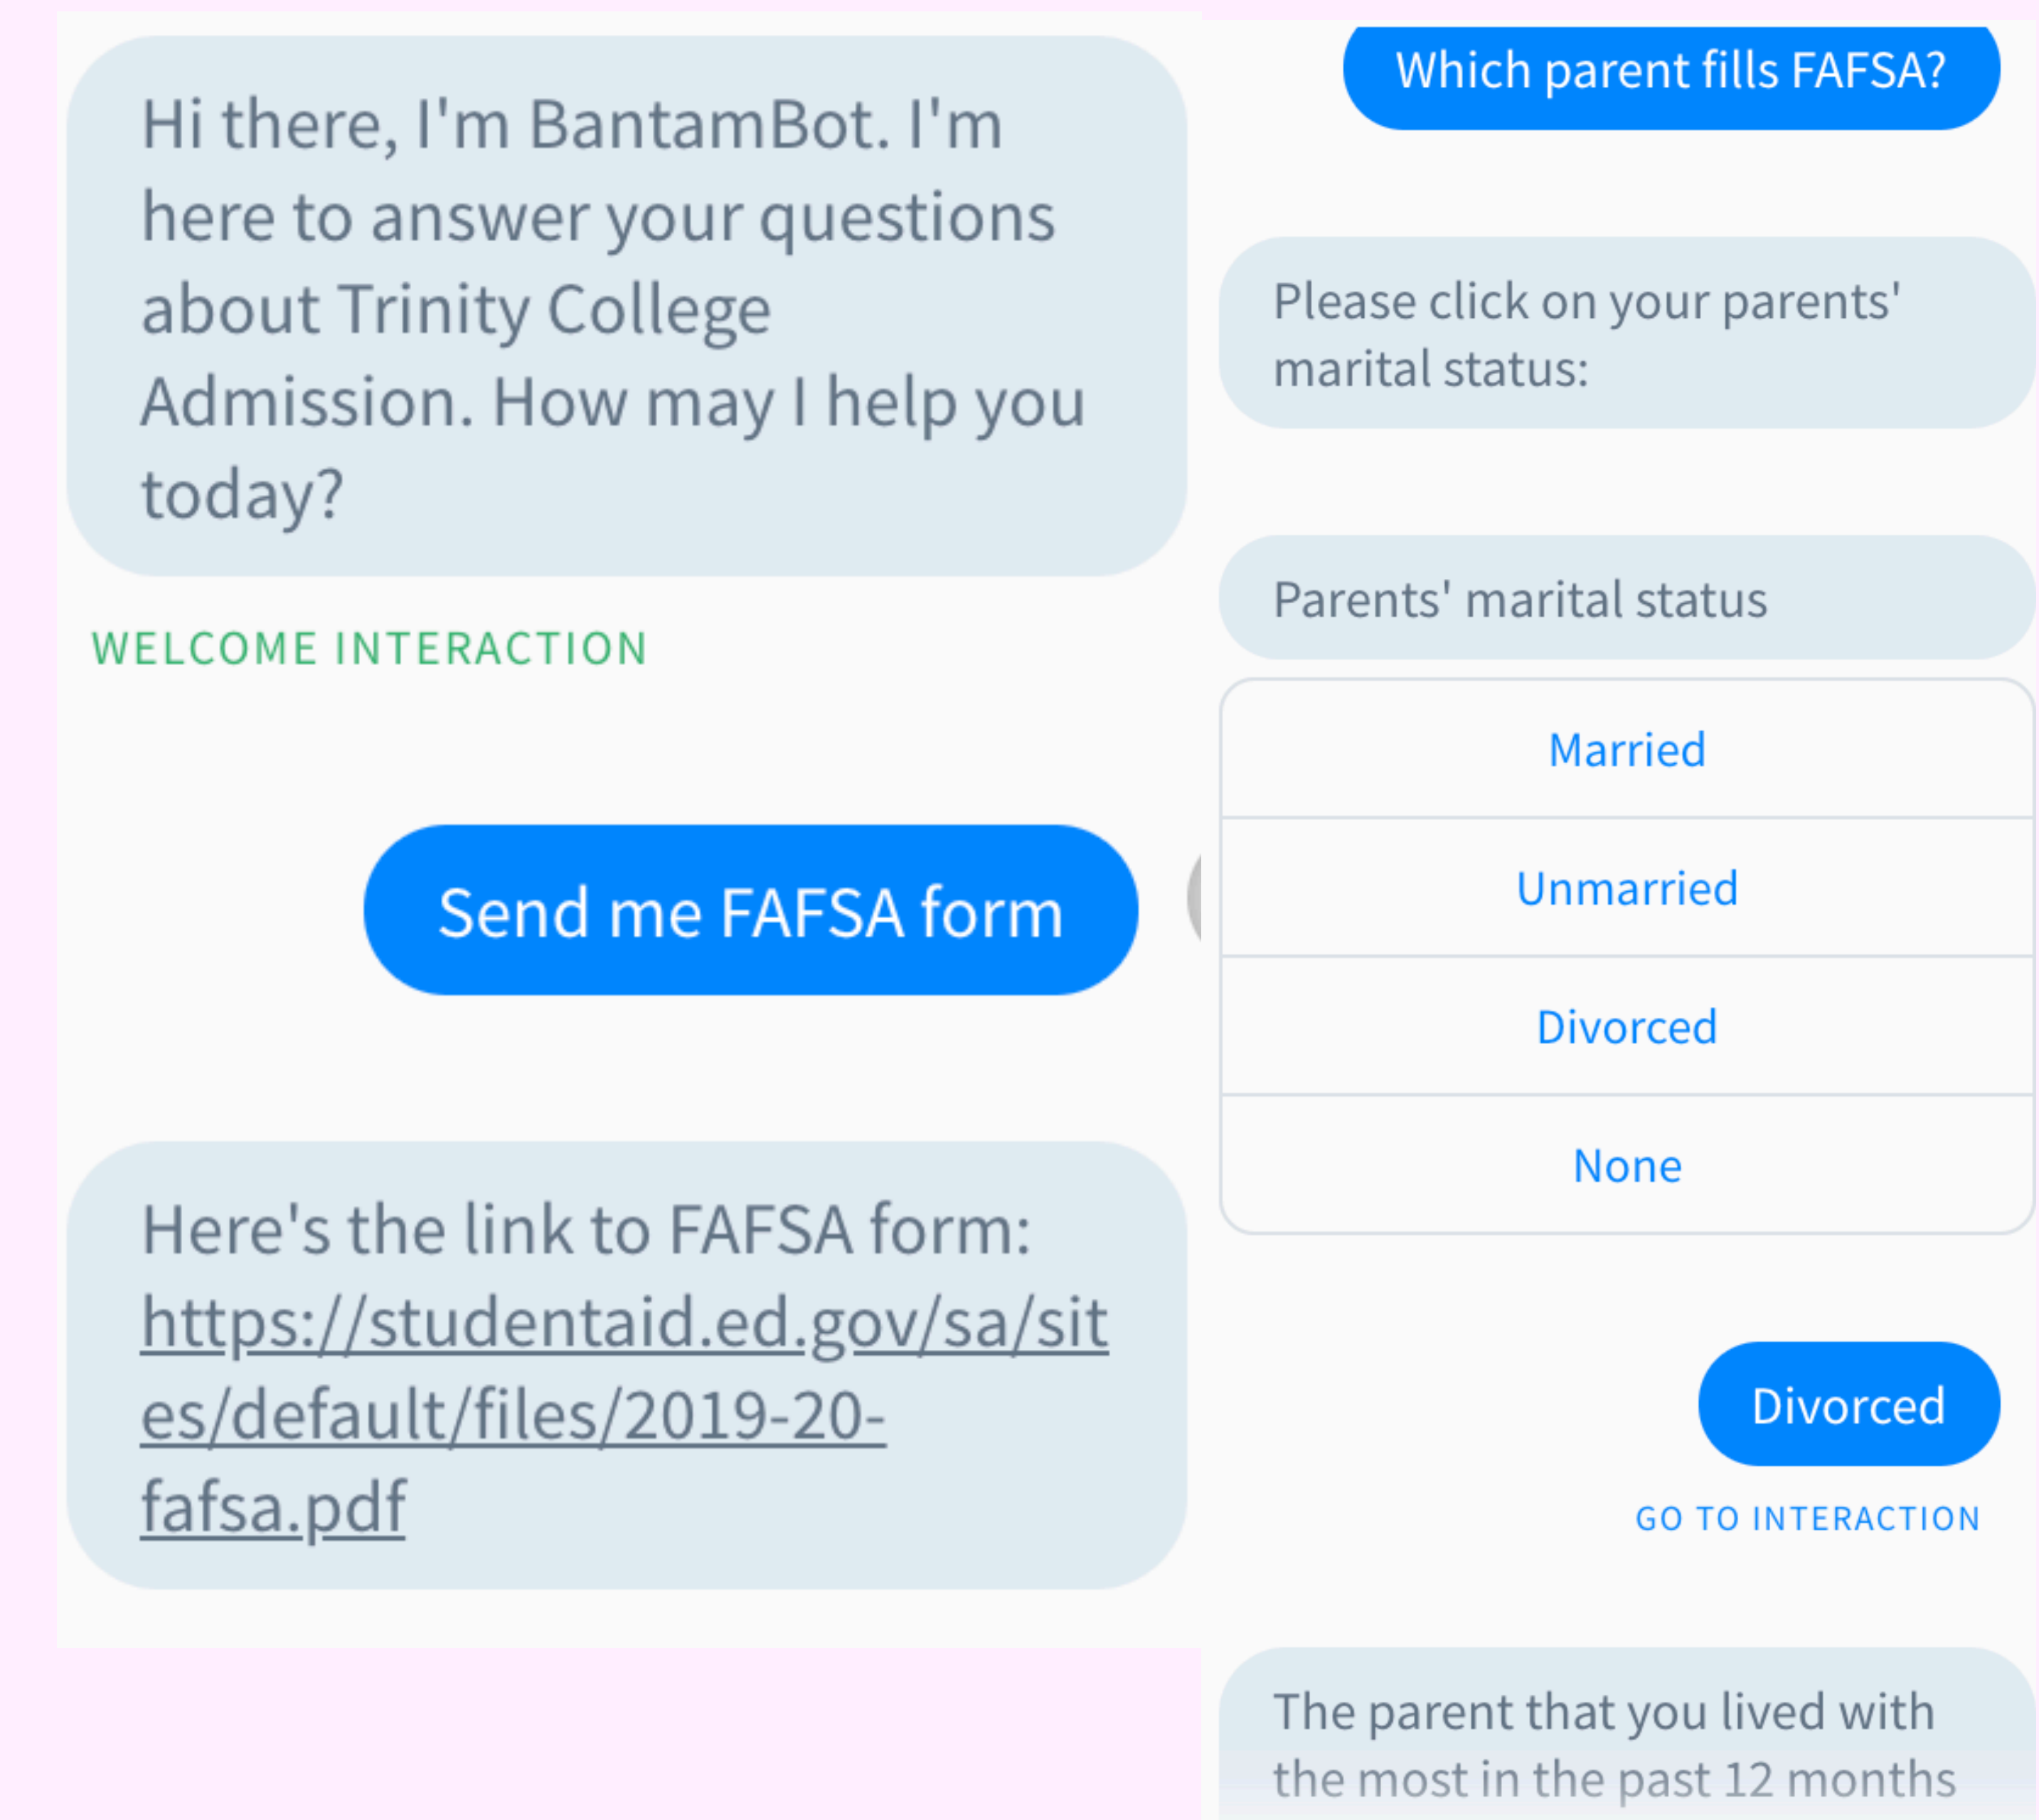

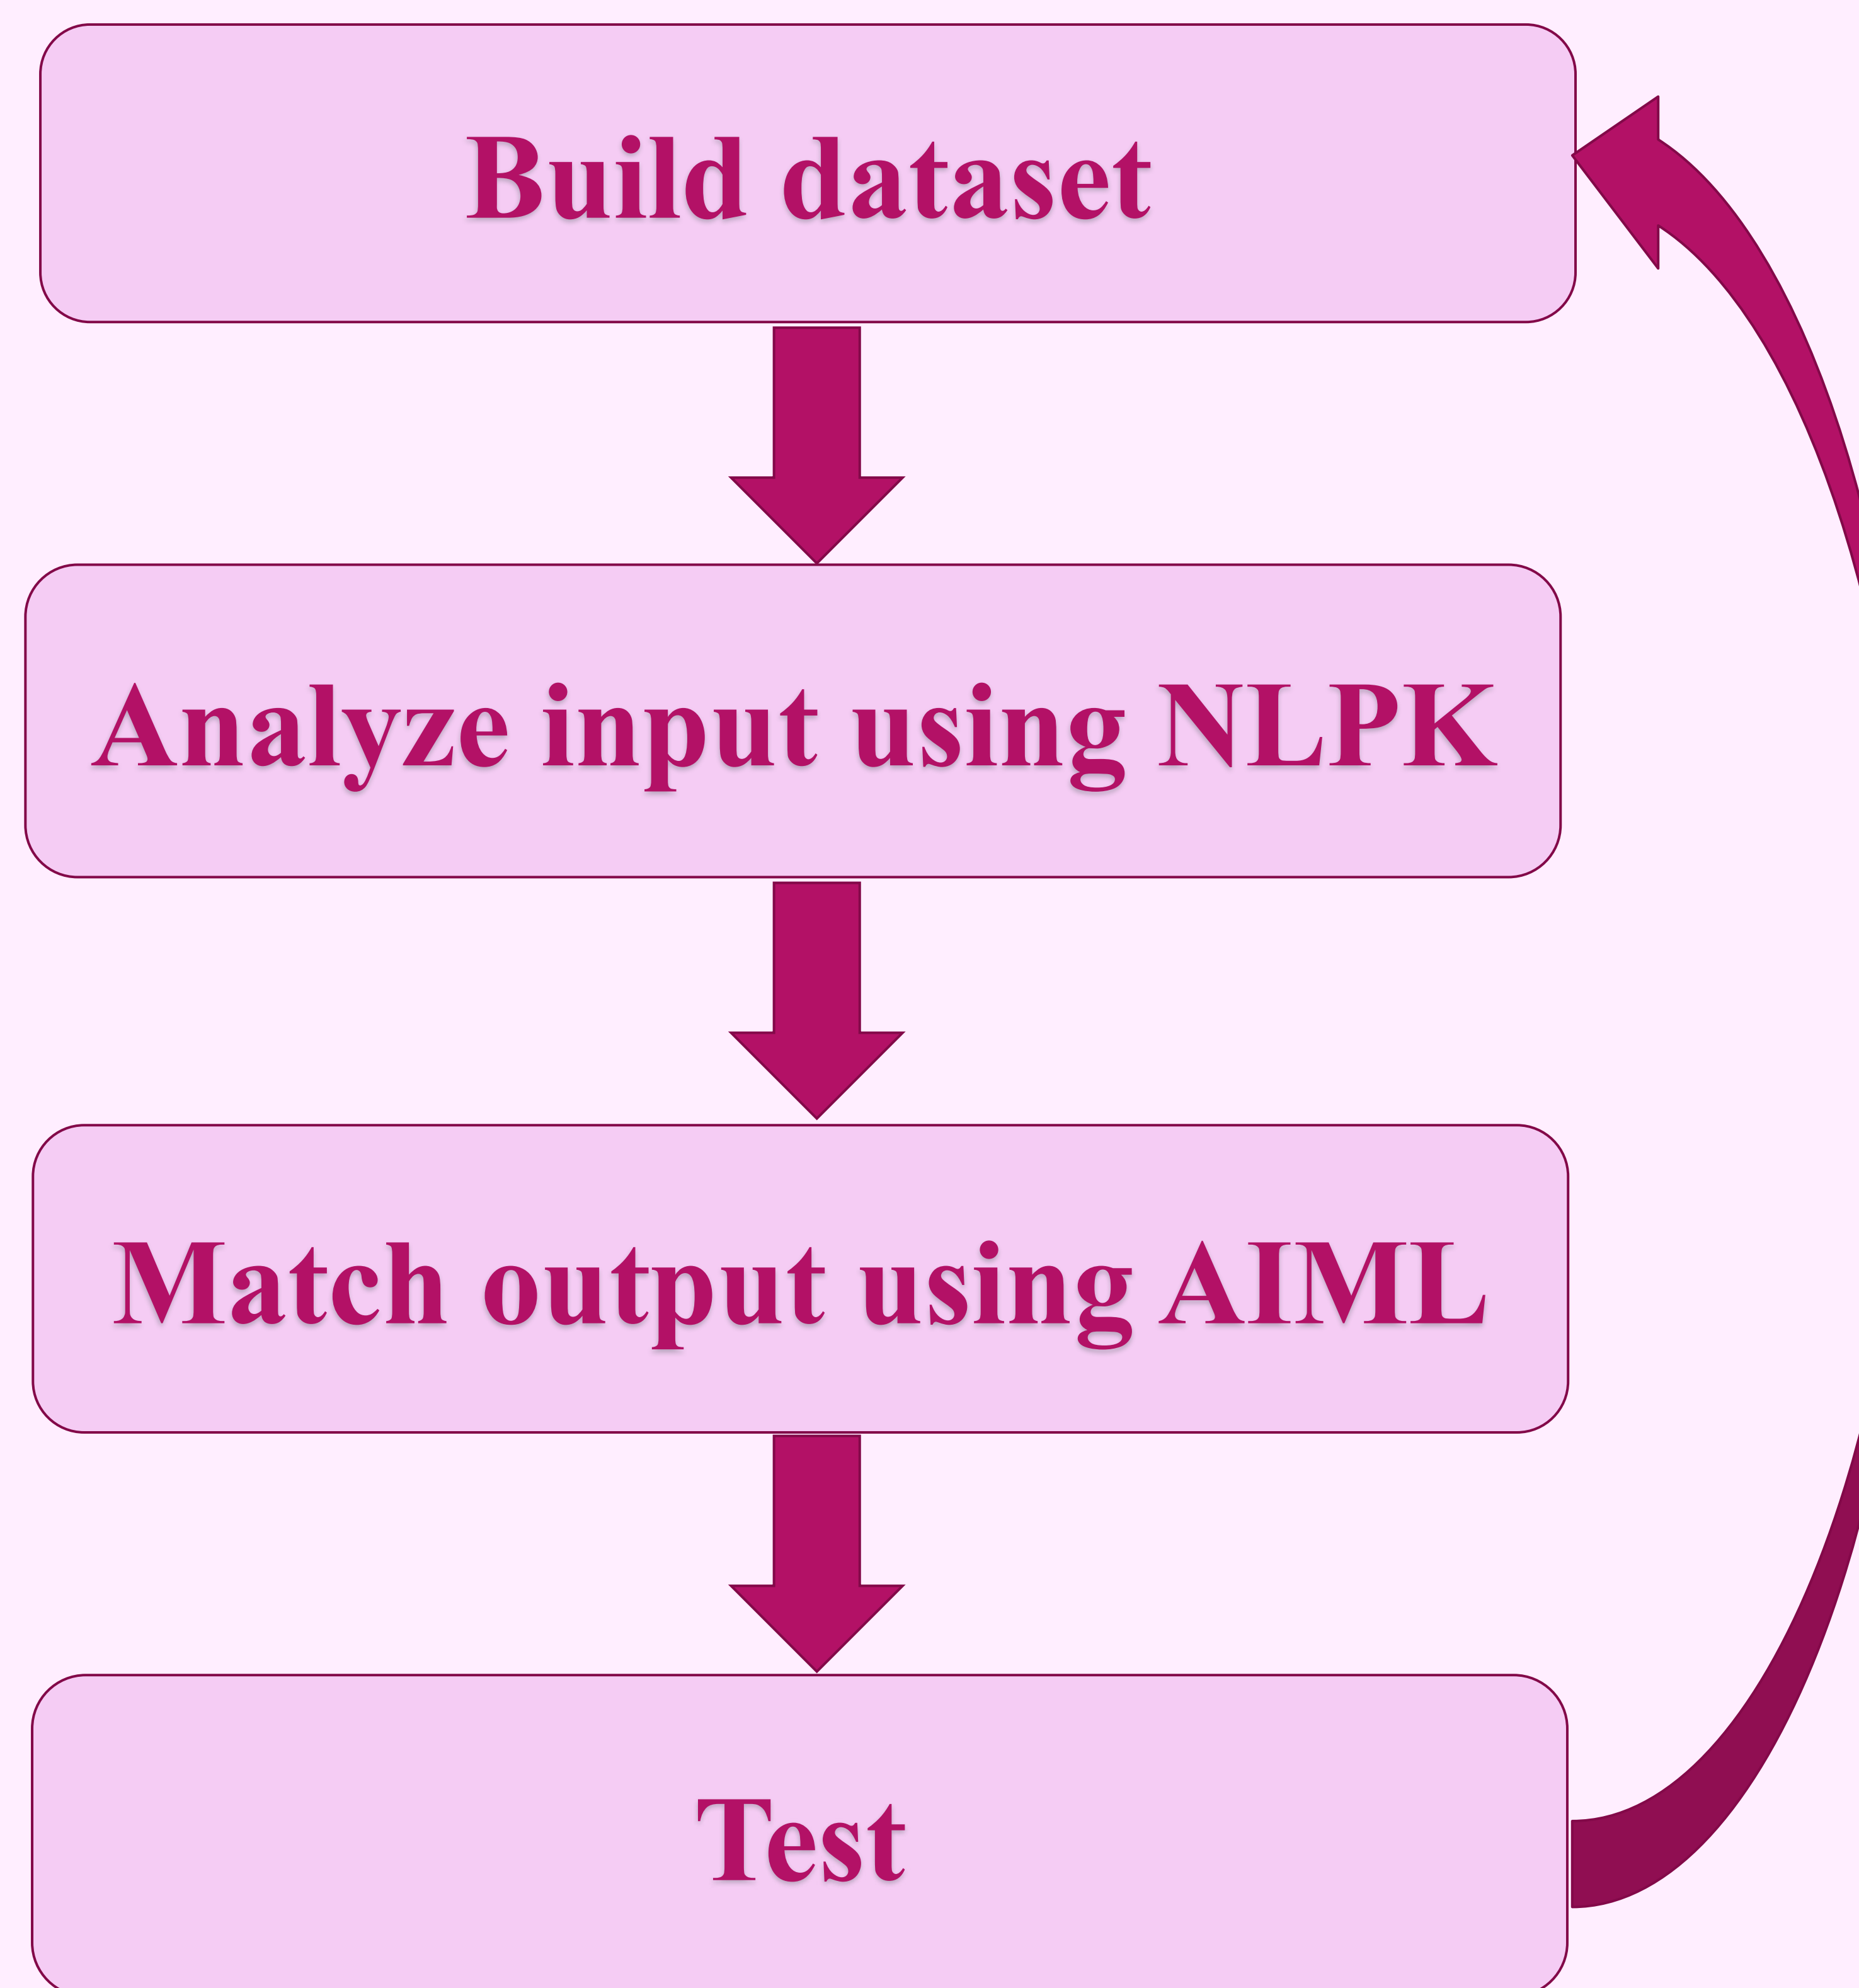

Save time by providing information quickly.  
Can assist many students at a time 24/7.  
Create unique, interesting human-like interactions with students.

## Features

Is pre-trained to handle questions of different styles.  
Answer with messages, forms, links to Trinity website, or multiple-choice questions.  
Ask clarifying questions when in doubt.

## Technology

## Implementation

## Future Work

The chatbot can be further developed to have knowledge about other aspects of Trinity College, such as academics, athletics, etc.
