

New Adventure Tours: We Tailor Your Tours

Orlando Reyes '26

Advisor: Jonathan Johnson
Department of Computer Science

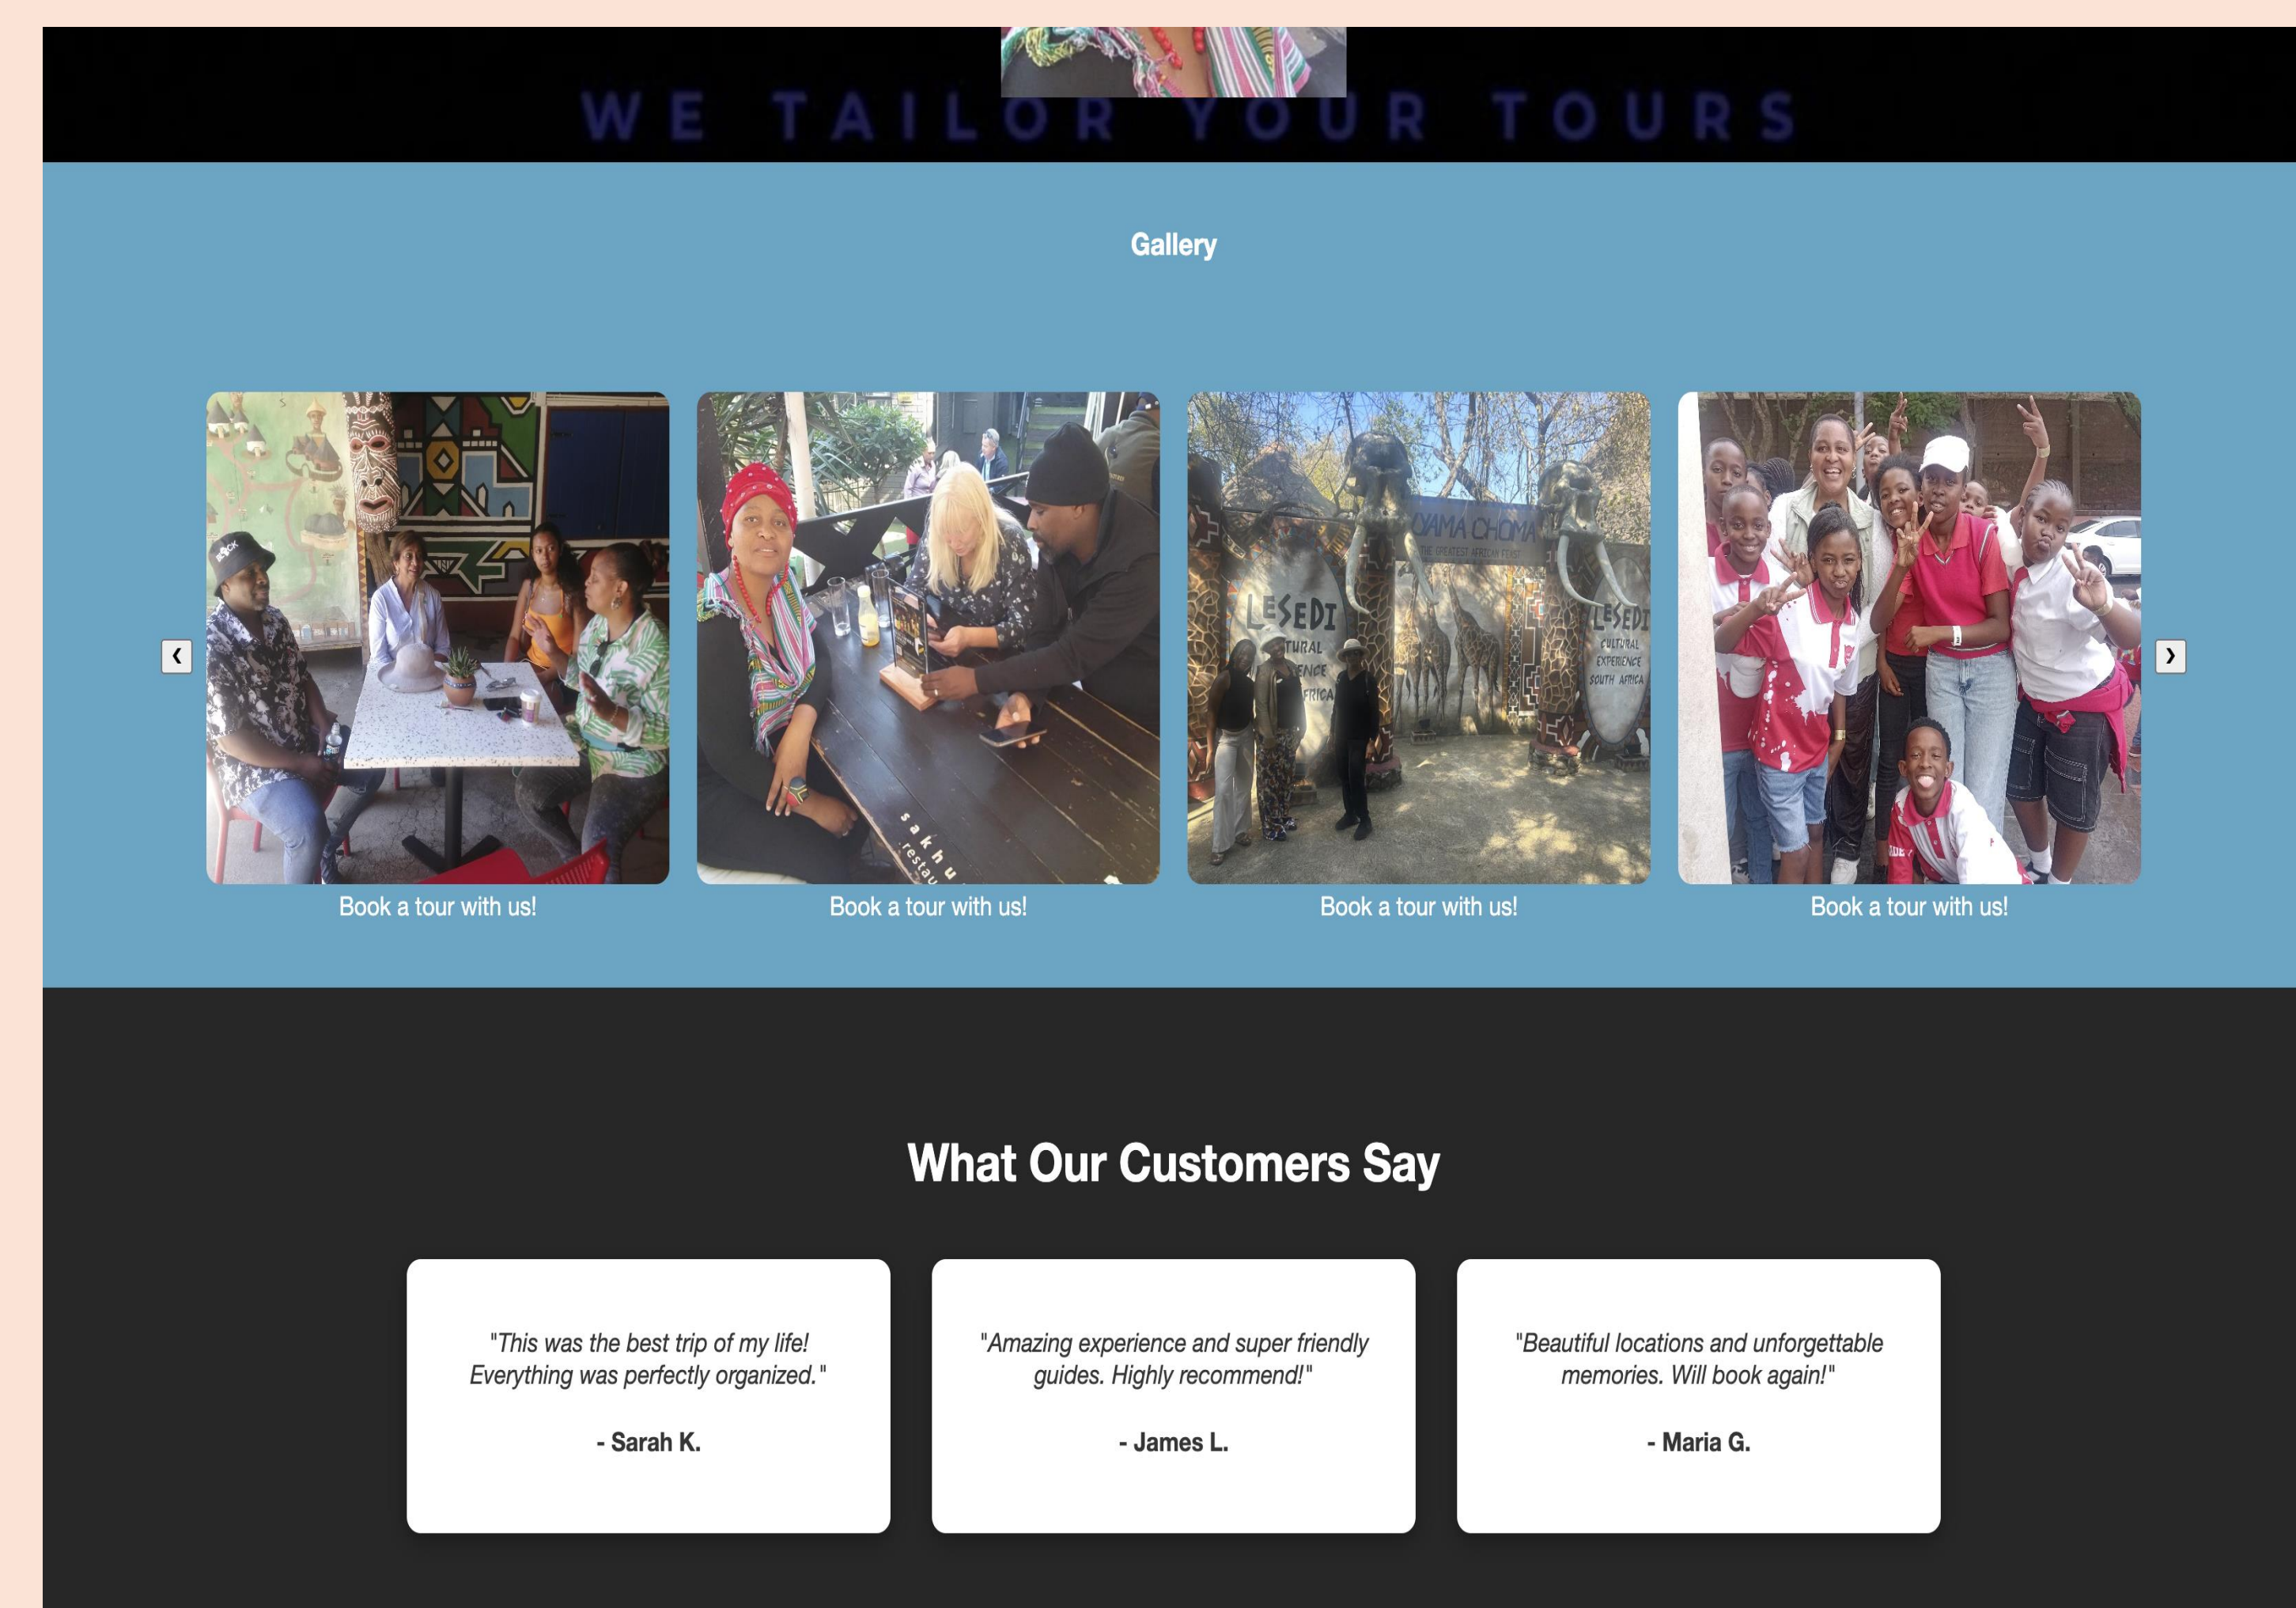

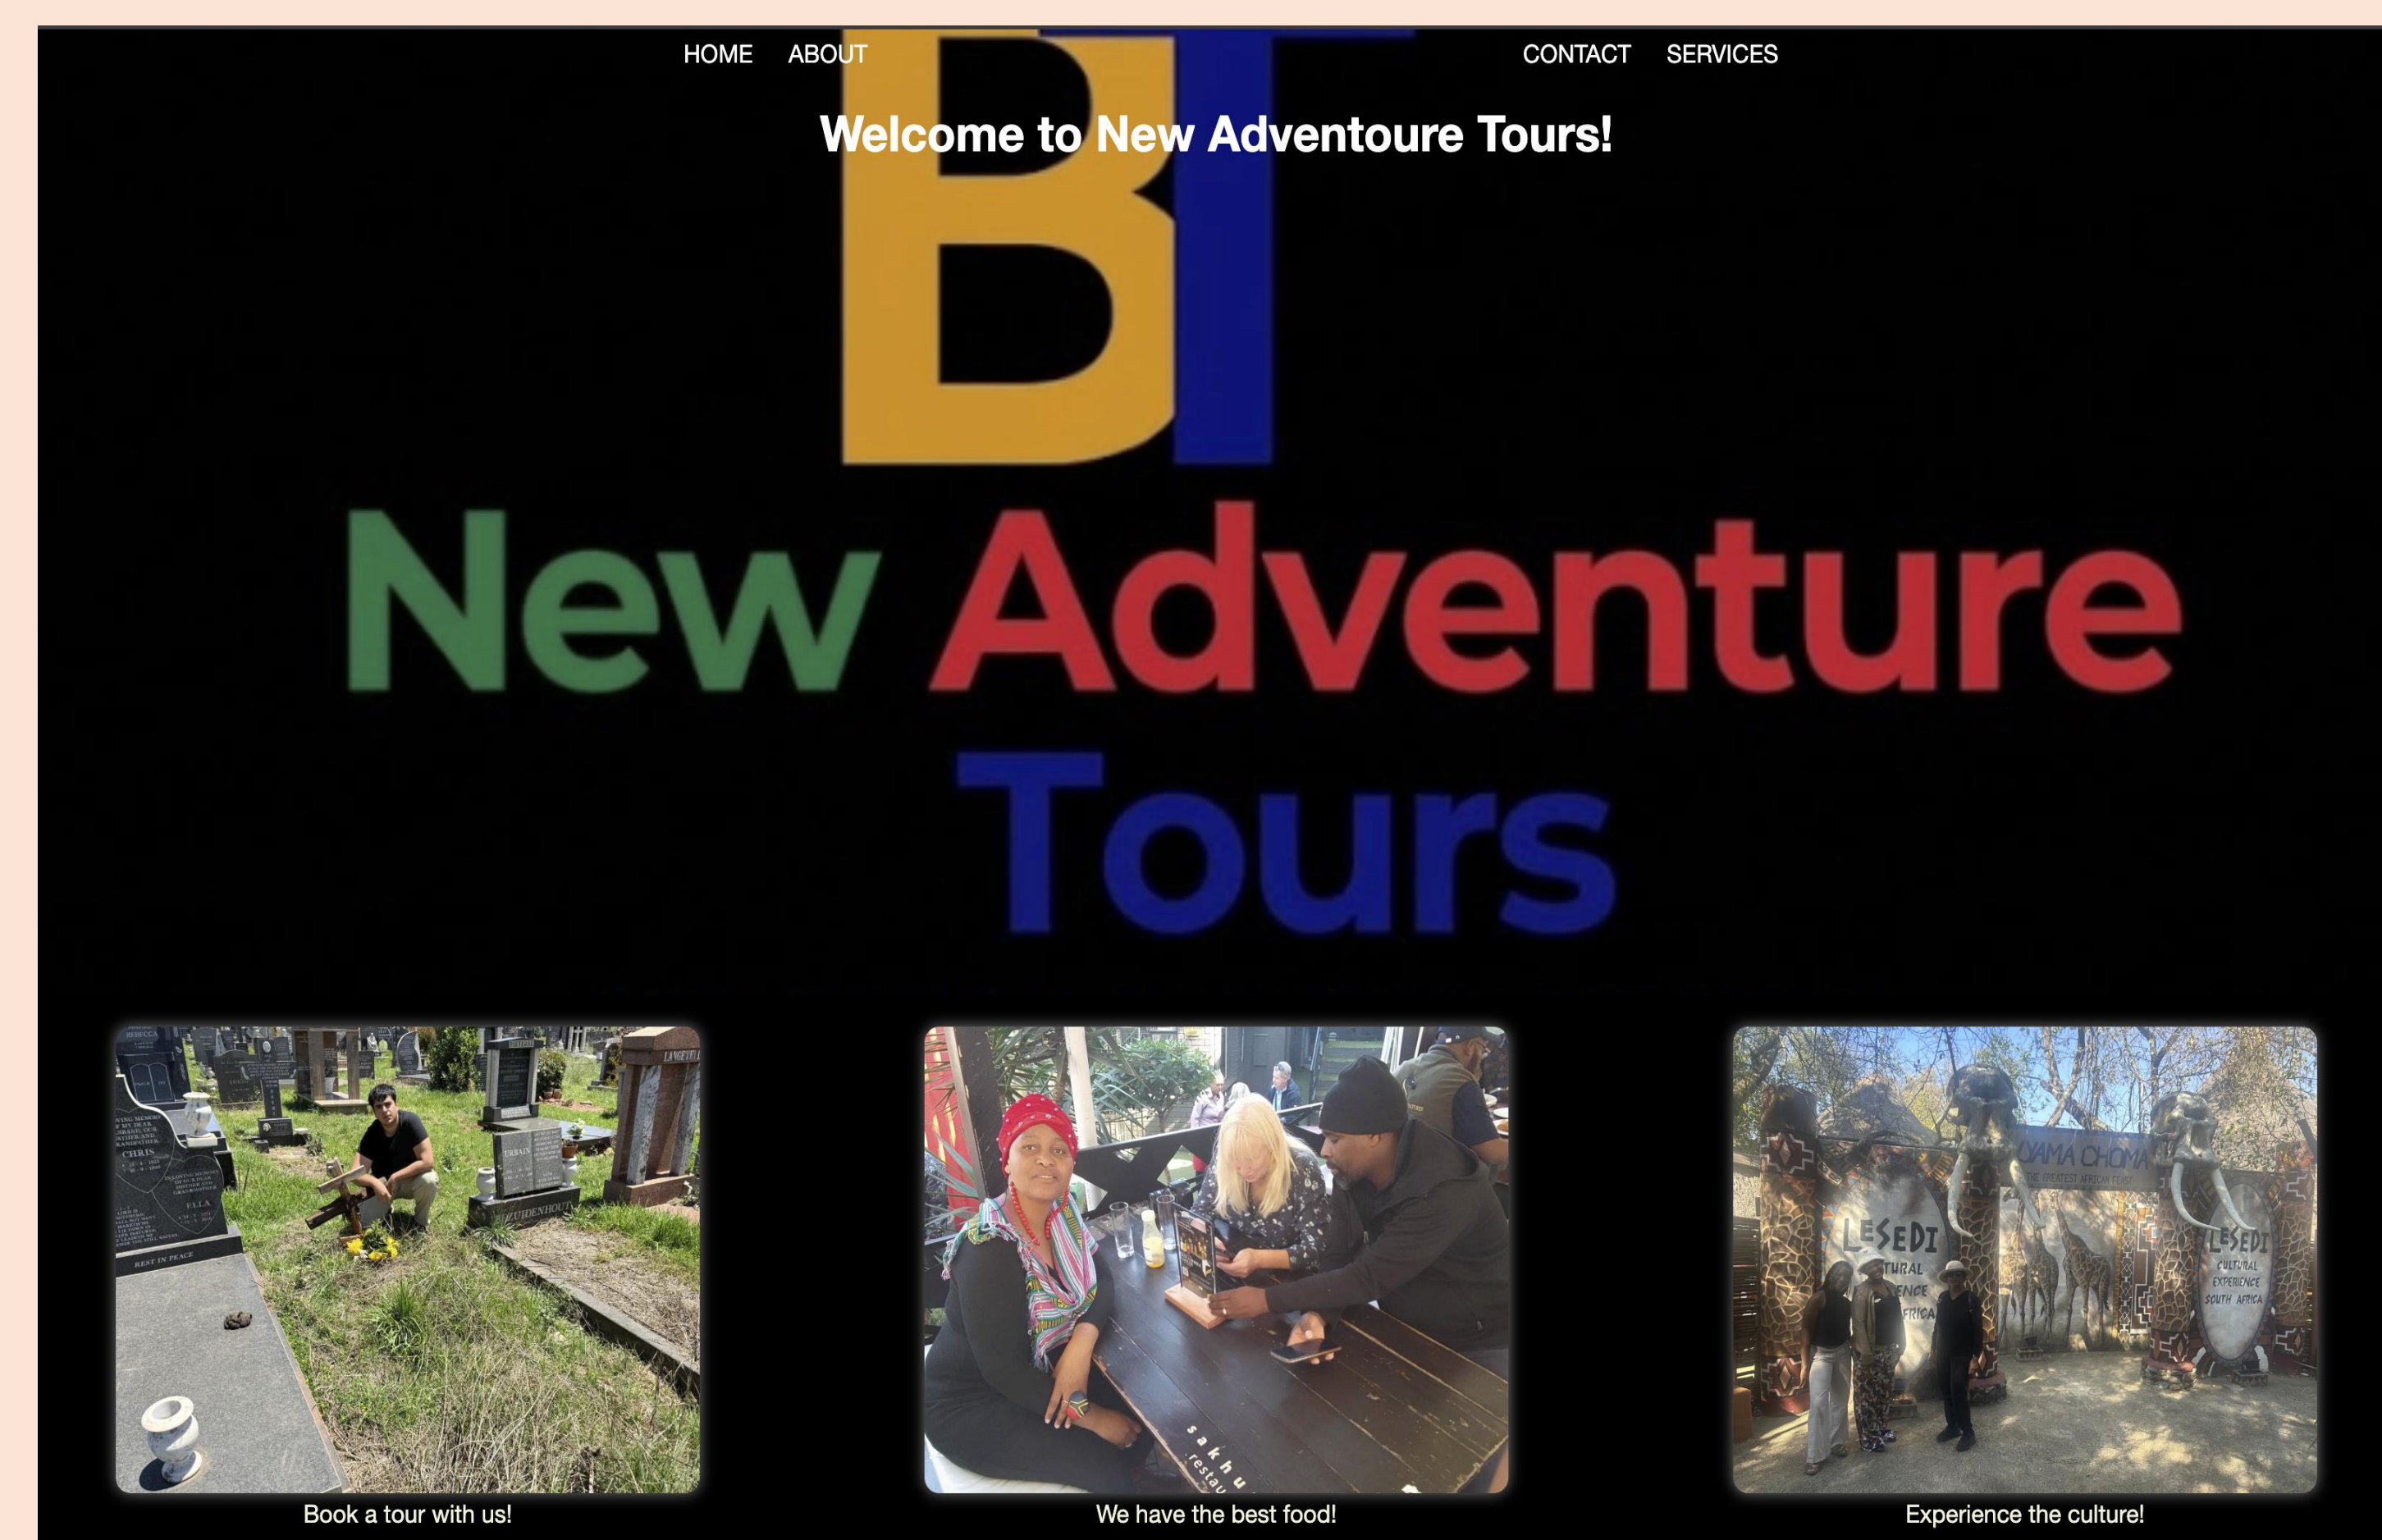

What Is New Adventure Tours?

New Adventure Tours is a touring company located in Johannesburg, South Africa, known for offering guided tours and showcasing the many sites the city has to offer.

Why it Matters?

Often many companies and businesses who are within the Global South have less access to resources and as a result often left without good business opportunities. My goal is to help out one of these businesses by helping the owner out in building a website.
