

Occupations of Trinity College Engineering Alumni

Trinity graduates who have degrees in engineering work in a broad spectrum of careers, including business, medicine, nonprofits, education, and the law, among others. As you can see from the list below—there are many possibilities.

To find out more, please contact the Department of Engineering at 860-297-2517.

Title - Employer

Aerospace Systems Engineer - Belcan Engineering Group, LLC
Aftermarket Design Engineer - Hayward Tyler, Inc.
Analyst - Goldman Sachs
Analyst - RBS
Assistant Director of Operations & Technology - Coastal Carolina University
Assistant Professor - University of the District of Columbia
Assistant Project Manager - Balfour Beatty Construction US
Assistant Project Manager - Suffolk Construction Co, Inc.
Associate - Milbank Tweed Hadley & McCloy LLP
Associate - Benesch, Friedlander, Coplan & Aronoff LLP
Associate Attorney - Fish and Richardson P.C.
Associate Engineer- NASA/SAIC
Associate Professor - Bucknell University
Associate Professor and Dept Chair - University of St Thomas
Associate Professor of Biomedical Engineering, Electrical Engineering and Neuroscience - Bucknell University
Associate Professor, Economics - Davidson College
Associate Structures Engineer - Pratt and Whitney
Building Energy Engineer - SEDAC: Smart Energy Design Assistance Center, University of Illinois
Business Development Representative - Rapid7
Construction Manager - US Navy, NAVFAC PWD Pennsylvania
Consulting Analyst - Accenture
Data Analyst - JPMorgan Chase & Co
Director - Malick Infill Development
Director - Performance Trust
Director and Sr. Bioengineer, Movement Science Lab - Texas

Scottish Rite Hospital for Children (TSRHC)
Director Engineering & Sales - Hipotronics Hubbell, Inc
Director of Operations - Genometry Inc
Director of Operations - Henkel
Director of Sales & Equity Trader - Pulse Trading
Director, Finance - First Wind
Document Control Engineer - Jacobs Vehicle Systems
Draftsperson - Wessling Architects
Drilling and Measurements Engineer - Gilbane Building Co
Engineer - Schlumberger
Drilling Engineer - Chevron
Electrical Engineer - Ecochlor
Electrical Engineer - Schlumberger
Electrical Engineer - Symmes Maini & McKee Associates
Electrical/Software Engineer - Bauer, Inc
Engineer - STS Engineering Solutions
Engineer - UTC/Pratt & Whitney
Engineer/Technologist - General Electric: Aviation
Equity Trader - State Street Global Markets
F135 Customer Support Engineer-Compression System - Pratt & Whitney
Financial Engineer/Quantitative Analyst, Risk Management - Goldman Sachs
Fleet Manager - Pratt and Whitney
Founder and CEO/President - Niveus Medical
Founding Engineer /Head of Computational Geometry - Paperless Parts
Head, Solar Thermal Testing - TUV Rheinland PTL
Healthcare Systems Engineer - Possible
HVAC Design Engineer - Controlled Air, Inc.
IP Strategy and Licensing - Schneider Electric USA

Manager - Accenture
Manager, Defense Project Engineering - Ensign - Bickford Aerospace & Defense
Lab Assistant - Quanta Dialysis Technologies
Lab Assistant - United States Biological
Managing Director - Northeast Bank
Manufacturing Engineeeing Robot Programmer - Pratt & Whitney
Material Growth Researcher - Magnolia Optical Technologies
Mechanical Design Engineer - Aurora Flight Sciences
Mechanical Design Engineer - Tesla, Inc.
Mechanical Engineer - Electro Standards Laboratories
Mechanical Engineer - Vanderweil Engineers
Mechanical Engineer - Color Kinetics
Mechanical Engineer - Consulting Engineering Services
Mechanical Engineer - Fine Control Inc.
Mechanical Engineer - Raytheon
Mechanical Engineer - STV Inc.
Mechanical Engineer and Project Manager - RDK Engineers
National Policy - SolarCity
NRC Postdoc - National Institute of Standards and Technology
Nurse practitioner - Rhode Island college
Operations Associate Manager - Aramark
Operations Specialist 1st Class - United States Navy
Owner - AJ entertainment
Partner - McCarter & English, LLP
Partner/Patent Attorney - Wilmer Hale
Title – Employer (cont'd)
Ph.D. Student - University of Florida
Physical therapist -
President & COO - FiVi Health Networks

Occupations of Trinity College Engineering Alumni

Trinity graduates who have degrees in engineering work in a broad spectrum of careers, including business, medicine, nonprofits, education, and the law, among others. As you can see from the list below—there are many possibilities.

To find out more, please contact the Department of Engineering at 860-297-2517.

Principal - RDK Engineers
Principal - Butler Malick Master Builders
Principal Hardware Design Engineer / Architect - Salesforce
Principal Systems Engineer - Leidos (formerly Science Applications International Corporation)
Principle Architect (Big Data and Machine Learning Team) - Where Inc (eBay inc)
Production Leader / Planner, Global Airfoils - GE Energy
Professional Engineer (P.E.) - SSA Engineering
Professor - Brown University
Professor - Dartmouth College
Program Manager - Google
Project engineer - Johnson controls intl, plc
Project Manager - CES
Project Manager - Pratt & Whitney
Project Manager - Schlumberger
Project Manager - Demand Management Institute, Inc.
Project Manager - Systems and Technology - Jacobs Engineering
Test Engineer - Quest Global
Quality Engineer - Sikorsky Aircraft
R&D Manager - Pall Corporation
Rail Engineer - Jacobs Engineering
Research Analyst - ICF International
Research Associate - Cornell University
Research Biotech Patent Technical Advisor - Harbor Consulting IP Services
Research Coordinator - Brigham and Women's Hospital
Research Engineer - CoVar Applied Research
Research scientist - Army research laboratory

Research Staff Member and Manager - IBM Research
Research Technician - Massachusetts Eye and Ear Infirmary
Resident Engineer - HNTB Corporation
Robotics Software Engineer - Oceaneering
Rotational Project Engineer - Structure Tone LLC
Sales Engineer II - Bullhorn Inc.
Sales Rep - Docker
Science Teacher - Prince Avenue Christian School
Scientist I - Pathogenetix
Senior Analyst, Corporate Senior Technical Lead - Philips Medical Systems
Senior Director of Sales - Slalom, LLP
Senior Electrical Engineer - eRide, Inc
Senior Engineer - Oracle
Senior Field Engineer - Westinghouse
Senior Mechanical Engineer - Arup
Senior Patent Attorney - Perkins Coie
Senior project engineer - The Lee Co
Senior Project Manager - Suffolk Construction Co, Inc.
Software Developer - Liberty Mutual
Software Engineer - ZT systems
Specialist - Regulatory affairs - Medtronic
Sr. Computer Scientist - SRI International
Sr. Director Product Engineering - Stryker
Sr. Engagement Manager - Boomerang Commerce
Sr. Research Scientist in Cell Therapy - Pall Corporation

Sr. sales & marketing manager - Hubbell
Sr. Systems Engineer - Abbott
Staff Engineer - Sikorsky Aircraft
Staff Engineer - UTC/Pratt & Whitney
Strategic Healthcare Consultant - Self-Employed
Strategy & Business Development - UTC/Pratt & Whitney
Strategy Manager - Siemens AG
Sustainment Engineer - General Dynamics Electric Boat
System analyst - Optum practice partners
Systems Engineer - Hamilton Standard/Sundstrand, Shuttle/Spacesuit Program
Systems Engineer - NASA / Intuitive Machines
Teaching - Self Employed
Team Lead - US Green Building Council
Technical Analyst - UTC/Pratt & Whitney
Technical Lead / Section Technical Manager, Wireless Systems - Alcatel-Lucent
Technical lead, HW - Riverbed Technologies
Technical Project Manager - Bank of America
Technical Sales Engineer - Schlumpf USA
Traders Assistant - WCG Management
Vice President - Expanded Rubber and Plastics Corp.
Vice President - Commerce Street Capital
Vice President - Data Engineering - Goldman Sachs
Vice President and CTO - ViMedicus, Inc
