The Class of 2020 finally made it back to camp to take a final walk across the plaque we avoided for six years! The highlights of the ceremony included **Matthew Rivera’s** inspiring speech, which reminded us how resilient and unique the Trinity community is, especially the Class of 2020. We also enjoyed the thought-provoking speech from Will McCormack '96 that made us laugh, made us cry, and encouraged our class to remain “surprising” as we navigate the next stages of our lives. Graduation gave us a space to finally come together safely to celebrate our great successes, return to our senior housing, rekindle the memories of our time at Trinity, and gain closure to an abrupt end to our college years. I look forward to the next time we will all be together in Hartford!
