

# International Immigration Forum: Social Inclusion and Community Impact

**SEPTEMBER 16TH, 10AM-6:45PM EST**

From the Hartford Commission on Refugee & Immigrant  
Affairs and the Trinity College Human Rights Studies program:

Join us for an all-day virtual forum as we bring  
together a diverse set of non-government  
networks around the world to discuss  
challenges, best practices, and the importance  
of grassroots initiatives in supporting our  
communities.

We'll include "Speak-Back" panels with local immigrants and refugees commenting  
on the ideas presented in the formal panels. We hope to see you!
